

VBHS / FLC Campus and Parking Regulations

The Crown Jewel Marching Band Festival prides itself in providing top-notch hospitality and service to our guest bands. In order to maintain the maximum efficiency and to ensure safety for our visiting bands, we ask your kind cooperation with the following policies:

- Only those support vehicles essential to performance such as equipment trucks or trailers as listed on the registration forms will be able to access the East Parking Lot located near the John Witt Gym and Performing Arts Center.
- Busses will drop students off prior to their performance in the East Parking lot but must move as quickly as possible to the bus parking area located on the south end of the main campus. Overflow parking will be at the Freshman Learning Center Campus north of the Citrus Bowl Stadium. After a band's performance, busses may then return to pick up students. Busses are requested move from the East Parking Lot within 15 minutes of drop off or pick-up in order to reduce noise, unhealthy fumes, and congestion. (See Maps)
- Due to limited space in the East Parking Lot, all personal vehicles must park elsewhere on campus.
- For the safety of all persons, gas grills, charcoal grills, and any other open flame device is prohibited on school district property.
- Due to limited space in the East Parking Lot, tailgating and dispensing of food products is restricted to the south bus parking area and any open areas on the Freshmen Learning Center Campus.
- The athletic practice fields including the band practice field are closed for use due to contracts with community youth programs that utilize these areas.
- **Please check out the campus map(s) provided in your registration packet upon arrival and also on our website.**
